

Gov. Blair Presents An Operating Budget

To Realign Circuits In Missouri

To Equalize Work Load Of Judges, Court

JEFFERSON CITY (AP) — A special committee on judicial re-districting today recommended the first general re-districting of the judicial circuits in Missouri since 1901.

The committee, headed by Sen. William Baxter Waters (D) of Liberty, realigned and re-numbered many of the existing circuits in an effort to equalize the work loads of the courts.

One of the group's recommendations would eliminate one of three judicial circuits in Buchanan County. Even if adopted by this legislature the move would not take place until the term of office of one of the judges expires on Jan. 1, 1963.

That was the only major recommendation made concerning the multi-judge circuits of the urban areas of the state.

The principal change suggested for circuits in outstate Missouri calls for the judge of the circuit which includes Cape Girardeau County to be made also judge of the Cape Girardeau Court of Common Pleas. This would eliminate the need for a separate judge for that court. A similar arrangement already exists in the state's only other court of common pleas at Hannibal.

The committee also recommends a salary increase of \$2,500 per year for all circuit judges. The state now pays its circuit judges \$11,000, but judges in Clay, Jackson, and St. Louis counties and the city of St. Louis receive an additional \$3,000 from local subdivisions and judges in Buchanan, Greene and Jasper counties receive an additional \$1,200.

None of the committee's recommendations on re-districting can become effective until the terms of office of the judges involved expire. In most cases, this would not be until 1963 or 1964.

The following changes, most of which simply involve re-numbering the circuits, were suggested by the committee:

1st-Now includes Adair, Knox and Lewis counties; add Clark, Schuyler and Scotland.

2nd circuit-Now includes Macon and Shelby counties; those counties are shifted to other circuits; add Grundy, Harrison, Mercer, Putnam and Sullivan counties.

3rd circuit-Now includes Putnam, Grundy, Mercer and Harrison counties; these shifted to other circuits; add Atchison, Gentry, Nodaway and Worth counties.

4th circuit - Now includes Atchison, Gentry, Nodaway and Worth, all shifted to 3rd circuit; add Andrew, Caldwell, Daviess, DeKalb and Holt counties.

5th circuit-Now includes Platte, Clinton, DeKalb, Andrew and Holt counties, all shifted to other circuits; add Buchanan County.

6th circuit - Now includes Buchanan County, shifted to 5th circuit; add Clinton and Platte.

8th circuit-Now includes only the city of St. Louis, which is shifted to another circuit; add Carroll, Livingston and Ray.

9th circuit-Now includes Howard and Randolph counties, which are shifted to another circuit; add Chariton, Linn and Macon counties.

10th circuit-Now includes Marion, Ralls and Monroe; add Shelby.

11th circuit-Now includes Warren, Montgomery and Audrain counties, which are shifted to other circuits; add Lincoln, Pike and St. Charles.

12th circuit-Now includes Sullivan, Chariton and Linn counties, which are shifted to other circuits; add Audrain, Montgomery and Warren.

13th circuit - Now includes St. Louis County, which is shifted to another circuit; add Boone and Callaway counties.

14th circuit - Now includes Cole County which is shifted to the 19th circuit; add Cooper, Howard and Randolph counties.

18th circuit - Now includes Dallas, Hickory, Polk and Webster counties, which are shifted to other circuits; add Monticello, Morgan and Pettis.

19th circuit-Now includes Camden, Laclede, Miller, Monticello and Morgan counties which are shifted to other circuits; add Cole County.

20th circuit - Now includes Howell, Dent, Oregon, Shannon and Carter counties, which are shifted

James Quinn Dies Sunday; Long Career

He Retired in 1954
After His 50th Year
In Shoe Business

James Patrick Quinn, Sr., 81, of 708 West Fifth, many years owner of one of Sedalia's most successful shoe businesses, the Quinn Shoe Store, died at Bothwell Hospital about 9:30 a.m. Sunday. He had been in declining health for a number of years.

Better known to his many friends as "Jim" Quinn, he was not only a progressive in business, but also took an active part in Democratic politics for many years. As a young man, in about 1900, he accepted an appointment as a deputy in the county clerk's office under the late Robert H. Gray, then county clerk.

His first venture into the shoe business came in 1904, when with his brother, Michael Quinn, he opened the Quinn Shoe Store at 206 South Ohio, which later moved to 208 South Ohio. Michael Quinn died in 1909.

During the years their younger brothers learned the shoe business in the Quinn Shoe Store, and they then turned to traveling for various shoe manufacturers throughout the Midwest and West. They were Joseph S. Quinn, John, Cornelius A., and Francis "Frank" Quinn, all of whom preceded their brother James in death, except Francis.

Shortly after World War I, the brothers entered another shoe venture by opening a jobbers firm in Los Angeles, Calif., which they operated until about 1922. It was about this time the shoe industry revolutionized the styles and dropped from its stylings the high lace and button shoes. At that time the brothers, believing the trend would be to changing styles, often, sold their California interest.

Mr. Quinn continued to operate the shoe store in Sedalia while the other brothers traveled for

Total Sets New Record For Missouri

Tight Budget Can
Be Financed With
No General Increase

JEFFERSON CITY (AP) — Gov. James T. Blair recommended today an operating budget of \$1,143,009.390 to run the state government for the next two years plus capital improvements of \$14,592,151.

That made a total of \$1,157,691,541—a record for Missouri.

He called it a tight budget that could be financed without any general tax increases but a few increase in fringe taxes.

The detailed figures were made available today as the governor released the budget book of some 300 pages backing up the recommendations he made to the legislature when it opened last Wednesday. The lawmakers now tackle the big job of studying and acting on Blair's proposals.

In arriving at his recommendations, the governor said he chopped about \$65,000,000 from the requests of state agencies and institutions and held capital improvements to a "bare minimum."

Detailed recommendations on the spending of the 14½ million for capital improvements will be assembled and printed in another budget book later.

A highlight of the Governor's program was a long list of recommended salary increases covering almost every major state official, in line with Blair's comments in his message that salaries of state employees should be put on a more realistic basis in an inflationary period.

In addition to the amounts needed to run the state government for the two years starting next July 1, Blair recommended \$6,956,759 to finish out the current fiscal period. That covers emergency appropriations and supplemental amounts.

Included was \$400,000 for an addition to the men's gymnasium and a swimming pool for the University of Missouri and \$100,000 for a home management building at the university.

Another \$150,000 would go for a capital parking lot on the site of the old state power plant; \$175,000 as a supplemental allotment for a new geriatrics building at Fulton State Hospital; \$125,620 additional for a custodial patients building at the St. Louis State Training school; \$183,093 for a trainable patients building at the St. Louis school and \$75,000 for supervision of planning and construction under the comptroller.

To reach his total of a billion plus, the governor figured \$419,158,800 could come from general revenue (tax) money, \$323,290,083 from other state funds and \$415,242,658 from federal funds.

STARS OF 'RAWHIDE' — Eric Fleming, left, and Cliff Eastwood, young stars of the new television series, "Rawhide" in which Sedalia figures as the railroad terminal to which cattle were driven in the days of the Old West, ride in the parade held in their honor Saturday morning.

Senate Votes Against Plan On Debating

Bare Majority Vote
Not Sufficient To
Halt Filibustering

WASHINGTON (AP)—The Senate today voted down a proposal to let filibusters against civil rights bills and other measures be cut off by vote of a bare majority of the senators.

The defeated proposal was offered by Sen. Paul H. Douglas (D-Ill.) in behalf of a coalition of Northern and Western senators fighting a formula sponsored by Democratic Leader Lyndon B. Johnson (D-Tex.).

The Douglas plan would have permitted a majority of the Senate, or 50 of the 98 members, to halt a filibuster after 15 days. Under present rules, it takes the votes of 66 senators, or two-thirds of the membership, to shut off debate and force an issue to a vote.

Johnson's proposal, which has the support of other Senate leaders of both parties, would allow filibusters to be choked off by two-thirds of the senators present and voting.

With the defeat of the Douglas amendment, its supporters planned to throw their strength behind an amendment under which filibusters could be choked by three-fifths of the senators present and voting.

They insisted that this amendment, proposed by Sen. Thurston Morton (R-Ky.), stood a real chance of adoption. However, senators backing the Johnson compromise were confident that it would prevail.

During the debate Johnson told Douglas that he believed all senators feared the Illinois senator's proposed rules change, although some were prepared to vote for it.

In the final speech before the vote, Douglas called Johnson's proposal "a meaningless gesture" and said "it's effect will be to fool the American people into thinking they are getting something when they are getting nothing at all."

Johnson interrupted to say he never had called it a compromise. He pointed out that it had 40 sponsors.

The Senate met at 10 a.m. (EST), two hours early, in an effort to get the dispute out of the way.

In the debate on the Douglas amendment Johnson expressed confidence that the outcome of the fight over the rules "will be a fair reflection of the will of the Senate and the will of the nation."

More Action

The downtown streets are busier these days as the weather warms up. You can see more street corner conversation going on, too.

Partly cloudy and continued mild tonight and Tuesday; low tonight 36; high Tuesday 55.

The temperature at 7 a.m. was 36 and at 1 p.m. 51. Low Sunday night 35.

The temperature one year ago today, high 50, low 34, .02 inch of moisture; two years ago, high 43, low 24; and three years ago, high 37, low 18, with a trace of moisture.

Streets Too Icy

Stars Have Trouble Finding Mounts for Saturday Parade

If the weather had been warm and no ice had been on the streets, it would have been no problem to find horses for Eric Fleming and Cliff Eastwood, stars of the new television show, "Rawhide", who were coming to Sedalia for the premier of the series, but as it was, owners of horses just didn't want to loan their horses.

The two people who consented to let the stars have their horses were Mrs. W. L. Rich, Sedalia, who loaned her horse, Rex, for Eastwood to ride, and Mrs. Bea Smith, Ottumwa, who brought her horse, Rusty, to Sedalia.

Frost Causes Accident On Highway 65

Frost on the highways in the Sedalia area created a hazard for motorists and one severe accident occurred on Highway 65, ten miles north of Sedalia. A car driven by Mrs. Lucy S. Meyers, 59, of 915 South Lamine, went out of control and overturned.

Mrs. Meyers, a teacher at Postal, was enroute north to go to her school when her car went into a skid on the slick pavement. The car skidded first onto the west shoulder, then came back across to the left, skidding off the highway. The car went into a side skid, hit a small ditch along the shoulder, flipping over on the left side.

The car was stopped from a complete turnover when it struck a light pole of the REA. The pole was snapped off about ten feet from the ground tearing down the power line.

When the wires snapped, a nearby neighbor to the scene called the REA and notified them of the accident and the woman was pinned in the car. The power was cut off on that line immediately, and two crews of workmen were dispatched to the scene, arriving within a matter of a few minutes. The men, using crowbars, pried open the right door of the car so Mrs. Meyers could climb out.

Mrs. Meyers suffered painful bruises to the right side and to the right elbow. She was brought to Sedalia in the Gillespie ambulance where Dr. T. J. Hopkins treated her and had X-rays taken. Parks' wrecker towed the car back to Sedalia.

Linemen had a new pole erected and the lines back in operation in less than a half-hour after Mrs. Meyers' car had been removed from the scene.

Mild Weather Ahead

KANSAS CITY (AP) — More mild weather is ahead of Missouri. The low tonight will be in the 30s north and east to the lower 40s in the southwest and the highs Tuesday will be near 50 northeast to the upper 50s southwest.

It looks like that brand of weather will stay around for a few days. The weatherman says temperatures through Saturday will average 5 to 10 degrees above normal with little or no precipitation.

Books Mother For Kidnaping

Charged With Taking Child; Keeping Her in Apartment

NEW YORK (AP) — A mother of eight children was booked today on a kidnap charge, a few hours after 10-day-old Lisa Chionchio was found unharmed and well in a Brooklyn apartment.

The woman, Jeanne Iavarone, 43, protested all night that she was innocent. Police said she had been married twice and had eight children, seven of them living and in other homes, including four at orphanages or foster homes. The youngest is 3, police said. A son, 23, died last summer, according to police.

"There is no doubt, on the basis of scientific evidence, that she took the child," said Chief Asst. Dist. Atty. J. Kenneth McCabe.

He said the infant, snatched from St. Peter's Hospital nursery 2½ hours after she was born Jan. 2, had apparently been kept in Mrs. Iavarone's furnished flat in Brooklyn ever since.

The woman quit her job as a credit clerk in a Brooklyn department store on the day the baby disappeared, police said.

Officials said the woman claims she gave birth to the child herself Jan. 2 alone in her second-floor apartment.

"She insists the baby is hers," McCabe said.

He said footprints of the kidnaped girl, born to Mr. and Mrs. Frank D. Chionchio, and those of the recovered baby are identical.

He also said there was a small mark on the baby's left eyelid, as described by the father. The 5-foot-6 Mrs. Iavarone, a woman with stringy, reddish-blond hair and rose-tinted fingernails, held the front of her dark coat over her face as she was taken to a precinct house for booking.

McCabe said Mrs. Iavarone was married in 1933 to John Getch and divorced in 1940, and in 1942 or '43 married Peter Morello in Hoboken, N.J.

Morello died Dec. 18, 1956, and McCabe said the woman has been living alone.

McCabe said she uses her maiden name.

Her children were listed as: Francis Anthony Getch, 21, of Brooklyn; Peter Morello, 16, and Frances Morello, 15, Brooklyn; Vincent Morello, 13, and Michael Morello, 8, at the Little Flower Home of Providence, a Catholic orphanage at Wading River, N.Y.; Rudy Morello, 6, and Anthony Morello, 3, both in private foster homes.

The eighth child, of the first marriage, John Robert Getch, 23, died last September.

McCabe said some of Mrs. Iavarone's children had been born in St. Peter's Hospital, from which the Chionchio baby was taken.

During the night, police questioned numerous residents of the vicinity, including neighbors in the building.

One of them was a woman who helped Mrs. Iavarone switch the color of her hair from platinum blonde to its present color with a home bleach treatment, several days ago, McCabe said.

Hospital attendants had described the kidnaper as a silvery blonde. Mrs. Iavarone said she changed the hue because of a personal whim, the prosecutor said.

The penalty for kidnaping, when the child is recovered alive, is 20 years to life in prison.

First positive identification of the baby was announced by the FBI, quoting the father, Frank.

Needs Lunchroom Exit

Safety Inspection At Mark Twain School

(Editor's Note: This is the last in a series of articles dealing with the December fire safety inspection of Sedalia public schools.)

In inspecting Sedalia public schools during the week of Dec. 8, fire inspectors found a bad condition exists in the crowded lunch room at Mark Twain School, but not having proper exits to the outside.

At the present time it is necessary to seat some of the children in the hallway, just outside of the dining room. There being an estimated 200 children in the lunch room and it is necessary to use the hallway as an exit stairway which leads to the first floor, the firemen reported there is a need for suitable exits from the basement to the outside of the building.

The inspectors were informed that the school board has future plans to enlarge this lunch room, given to the situation, as there is a greater need for the correction of the situation in the lunch room.

would be a solution to the problem, and hope the plans are executed in the near future.

It was recommended that a fusible link be installed on the fire door in the boiler room, so that the door will swing to the outside, and to install panic hardware on the door.

The door leading from the boiler room to the outside should be changed so it will also swing to the outside, and be equipped with panic hardware, the inspectors reported.

It was recommended that the soda and acid fire extinguisher in the boiler room be replaced with an extinguisher suitable for fighting burning liquid and electrical fires. All exits should be marked with five-inch letters.

As this school does not have fire escapes installed on the building, the firemen suggested that for the present, more study be given to the situation, as there is a greater need for the correction of the situation in the lunch room.

Agents Arrive To Examine Vote Records

Federal Court Has
Ordered Jurist To
Permit Examination

CLAYTON, Ala. (AP)—Renewed rebellion, submission to a federal mandate, or more legal maneuvering?

It was anybody's guess which reaction would greet U.S. Civil Rights Commission agents arriving today for a court-ordered appointment to see voter registration records of Barbour and Bullock counties.

The records needed in the commission probe into alleged denial of Negro voting rights are in custody of an Alabama judge who once threatened jail for any federal agent attempting to investigate his court.

Judge George C. Wallace, runner-up in the Alabama governor's race last year, has resisted on grounds of immunity every commission move to examine the registration records impounded in his circuit court.

The agents come today with a federal court order which Wallace must obey or appeal, or risk a possible jail term for contempt. The jurist would give no indication that he would abide by the mandate. An appeal to higher courts was hinted by his lawyers.

U.S. Dist. Judge Frank Johnson Jr. of Montgomery has set a hearing for Wednesday to see if Wallace obeyed the decree to show the files. The Johnson order rejected Wallace's claim of judicial immunity to the investigation.

Federal floodlights focused on the Alabama jurist Friday when investigators told a commission meeting Wallace failed to comply with a compromise agreement providing his and Macon County records could be examined. They said Macon officials cooperated.

Commission Chairman John Hannah, acting through the U.S. Attorney General's office, then obtained the ultimatum from Johnson.

Under the compromise last Monday agents were to see relevant records. Wallace contended he agreed to show the only relevant records — those of four Negroes who charged discrimination in Barbour and Bullock counties. Agents wanted access to the entire file.

Symington Hits Nixon Speech On Missile Progress

WASHINGTON (AP)—Sen. Stuart Symington (D-Mo) challenged Vice President Nixon today to prove the United States is now ahead of Russia in ballistic missiles.

Symington told the Senate that if Nixon made an observation to that effect, "it is not correct—and I do not know a single impartial expert in the missile field who would support it."

The senator is a former Secretary of the Air Force under President Harry S. Truman and a member of the Senate Armed Services Special Space Committees. He took issue with information given newsmen Sunday that Nixon says the United States is ahead of Russia in developing military missiles and is catching up fast in other phases of the space race.

Symington called on Nixon to provide in percentage the number of operational ICBMs the United States will have at the end of this year compared with the number U.S. Intelligence estimates the Soviets will have.

Symington, mentioned often as a potential Democratic candidate for the presidency, spoke out in the Senate shortly after Nixon left his place as presiding officer.

The question of where the United States stands in the space race is expected to come under renewed scrutiny in both the Senate and House this session.

Four Persons Injured

FOUR INJURED SATURDAY NIGHT — A father, two daughters and a friend, all from Higginsville, were injured in the above car late Saturday night when the car went out of control and slid on its side into a rock bluff. George Roe, 47, driver of the car said the curve at the south end of the Flat Creek bridge, about six miles south of the U.S. Highway 50 junction in Sedalia, was too sharp and he couldn't make the turn. Roe received minor injuries as did his daughter Rosella, 17, and Violet, 14, but their girl friend, Nancy McPherson, 15, suffered a severe contusion of the right cheek. The car was extensively damaged. (Democrat-Capitol Photo).

Mrs. Losy Wiseman, 81, died Saturday at her home at Climax Springs. She is survived by her husband, William L. Wiseman, of the home and five children; Chloe Wiseman, South Greenfield; Lloyd Wiseman, Windsor; Mrs. Lehta Raymer, Oswatimie, Kan.; Rosecoe Wiseman, Edwards, and Oscar Wiseman, present address unknown; 26 grandchildren and 31 great-grandchildren.

Mrs. Wiseman was a member of the Wiseman Methodist Church at Climax Springs.

Funeral services will be at the Assembly of God Church there at 2 p. m. Tuesday the Rev. Steve Gardner to officiate.

Music will be by the church community choir. Pallbearers will be Bobby, Carl Billy and Lloyd Wiseman, Jr., K. Raymer and Earl Dean Hix. The body is at the Reser Funeral Chapel, Warsaw, to remain until time to leave for services. Burial will be in Climax Springs Cemetery.

Henry Reissen

Henry Reissen, 71, farmer who resided on Route 1, south of Sedalia, died at 10:30 a.m. Monday at Bothwell Hospital where he had been a patient but a few days. Surviving are his wife and several children.

The body was taken to the McLaughlin Funeral Chapel to await completion of funeral arrangements when children residing elsewhere are communicated with.

Thomas R. Fowler Services

Funeral services for Thomas R. Fowler, who died at his home at the Werner Trailer Court, East Highway 50, Friday morning, were held at the Ewing Funeral Home at 2 p.m. Monday.

The Rev. Kenneth Davidson, pastor of the East Sedalia Baptist Church, officiated. Mrs. W. L. Lewis sang, "No Night There" and "Rock of Ages," accompanied by Mrs. Mae Moser at the organ.

Pallbearers were Robert Head, Louis Bickel, Ray Hooker, Ted Gardner, Albert Blankenship and Robert Werner.

Burial was in the Memorial Park Cemetery.

St. Paul's Lutherans Hold Voter's Meeting

St. Paul's Lutheran Church at its quarterly voters' meeting Sunday afternoon resolved to open a Christian Day School next fall with the first two grades. An additional grade is to be added each year thereafter. The congregation will take steps shortly toward calling a teacher for the school.

The congregation's kindergarten also will be continued on a permanent basis. The kindergarten has an enrollment of 20 pupils at the present time.

In addition to the enlarged educational program, the congregation is also emphasizing mission expansion. An appropriation was made for a local mission expansion program.

various shoe companies. When the brothers would conclude their seasonal travels, they were able to secure the samples and bring them to Sedalia, giving Quinn's Shoe Store an opportunity to offer finer made shoes to Sedalia at a bargain price.

While the brothers traveled, Mr. Quinn with his sister, Miss Mary, would operate the Sedalia store.

Following the deaths of his brothers, John, in 1929, Joseph S. in 1940 and Cornelius A. in 1942, he continued to operate the store with his sister, but failing health caused his decision to get out of business. At the close of his 50th year as a businessman, in 1934, he sold the store to the Long and McCreery Shoe Co., Kansas City, who operate the store under the name of the Quinn Shoe Store.

He was a brother of Monsignor William Quinn, who served as national director of the Propagation of the Faith for the Catholic Church. He died in New York City in 1938. While Monsignor Quinn was in New York, his sister, Miss Johanna, resided with him, looking after his home.

Mr. Quinn was born in Belvidere, Ill., March 15, 1877, the son of the late Cornelius and Bridget McGinley Quinn. They came to Sedalia to reside when he was two years old. He was reared and educated in Sedalia, attending St. Patrick's parochial grade school, Broadway grade school and graduated from the old Sedalia High School in 1895.

On Sept. 6, 1904, he was married to Miss Mary Helen Younger, in Kansas City. She preceded her husband in death in 1939.

To this union was born one son James Patrick Quinn, Jr., well-known Kansas City attorney, of the law firm of Quinn and Peebles, who survives, as do two grandchildren, James Patrick III, two, and John Michael Quinn, two, months.

Also surviving are: His sisters, Miss Mary and Miss Johanna Quinn, both of the family home; a brother Francis "Frank" Quinn, Keokuk, Ia.; a nephew, Joseph S. Quinn, Jr., St. Louis, and two nieces, Mrs. William Martin Eisel, Hot Springs, Ark., and Miss Janet Quinn, 1413 West Broadway, children of Mrs. Julian H. Bagby.

Besides his parents and brothers, already mentioned as preceding him in death, was another brother, Cornelius, who died in infancy.

He was a member of the Sacred Heart Catholic Church, the Holy Name Society of the church, served as a trustee of Sacred Heart many years, and served many years as president of the Calvary Cemetery Board. He was a member of Sedalia Council 531, Knights of Columbus.

He was a former member of the Sedalia Country Club and in his younger days active in the golfing circles of the club.

Friends of Mr. Quinn considered him a kindly personage, ever ready to do a humanitarian act for ones in distress or incapacitated. When acquaintances were in hospitals, he frequently visited them to give a word of cheer and wish them speedy recoveries. Funeral services will be held at the Sacred Heart Catholic Church at 9 a.m. Tuesday.

Pallbearers will be: Julian H. Bagby, Eldred Menefee, John Joe McGrath, Jack Kniest, Pierre Lamy and Damon Hieronymus. Burial will be in the Calvary Cemetery.

The body is at the McLaughlin Funeral Chapel, where the rosary will be recited at 8 p.m. Monday.

LONG SERVICE RECOGNIZED—Employees of Home Building Corp., with ten or more years service with the Sedalia firm were recognized Saturday evening at a banquet held at the Bothwell Hotel. Among those honored were, left to right: Front row, John Stanton, Denzil Fischer, Herbert Mewes, Sec.-Treas., E. B. Smith, Herbert Hickman, receiving a radio from President Neal Reburn.

At Dinner Meeting

Home Building Corp. Honors 19 Workers

Nineteen employees with ten years or more of service were honored by the management of Home Building Corporation also celebrating 12 years of productive operation at a dinner meeting in Bothwell Hotel Saturday night. One hundred and 37 persons were present.

With appropriate introductions concerning personal experiences during years of service with them, president Neal Reburn presented each of the following with a G-E clock radio:

John Stanton, carpenter; Clyde H. DeHaven, carpenter; Carl Richter, carpenter; Herbert L. Mewes, carpenter; Herbert Hickman, laborer; Clarence Hickman, teamster; John Hicks, teamster;

W. P. Williams, electrician foreman (absent); Herbert C. Winebrenner, painter foreman; Richard Kasak, carpenter lead-man; William C. Hieronymus, carpenter lead-man; Fred Sisemore, carpenter lead-man; C. F. Fischer, Jr., plumber foreman;

Denzil Fischer, carpenter foreman; Frank Cohalla, field carpenter foreman; Pauline Reineke, sales; Paul Wright, architect; E. B. Smith, secretary - treasurer; Howard Sails, vice - president, Kansas City.

Preceding the presentation, President Reburn gave a talk in which he stated that the Home Building Corporation is an organization of stockholders and employees banded together for the

agreeable relationship the corporation has with business representatives of the labor unions the following of whom were guests: William E. Wear, of the plumbers, and Mrs. Wear; Lloyd Fulton, of the painters, and Mrs. Fulton; Harry Moore, of the carpenters, and Mrs. Moore; Francis Rudd, of the teamsters, and Mrs. Rudd; William Jeffries, of the laborers, and N. L. Brosch, of the electricians were unable to attend.

Also introduced were representatives of the Home Building field crews: W. S. Marshall, job superintendent of Northridge project;

J. B. Thomason, crew foreman; Pleasant F. Little, Robert Martin and Oren J. Mynatt and their ladies.

Other guests were: the Rev. Edward R. Sims, who gave the invocation; Mr. and Mrs. Jack F. Reeder, original stockholders of the company; Mr. and Mrs. George H. Scruton, of the Sedalia Democrat-Capital. Mr. Reburn expressed regret that William C. Hopkins, president of the Chamber of Commerce and I. H. Reed, Jefferson City, who was instrumental in Home Building's start in Sedalia, could not be present.

"A man cannot give more than ten years of his life to an organization," Mr. Reburn said, "without feeling a sense of comradeship for those who work together with him in the attainment of a worthy goal."

"As a representative of all of us in the Home Building Corporation, I honor each of you as a member of worth and value to all of us."

Mayor and Mrs. Abe Silverman were guests. The mayor gave a short talk complimenting management and employees on Home Building's success as a Sedalia industry which has contributed to the economic growth of the community. He recalled intimate experiences he had with the organization from its inception to the present and his personal support of the industrial venture which he hoped would continue in its successful career.

Miss Edith Miller United In Marriage With Donald Schnell

At two o'clock Friday afternoon, Dec. 28, at the New Salem Baptist Church, Miss Edith Louise Miller, daughter of Mr. and Mrs. Grover Meeker, Marshall Junction, was united in marriage with Donald Schnell, son of Mr. and Mrs. W. C. Schnell, Booneville. The Rev. Donald Baker, Bolivar, performed the double ring ceremony.

Arrangements of evergreen boughs and poinsettias adorned the windows and covered a white lattice-work across the front of the church, the archway, the altar and interspersed the candelabra, holding burning tapers. The lattice background was also interspersed with poinsettias, tied with red and white bows of satin ribbon.

Preceding the ceremony, the bride's mother, played a prelude of appropriate edding music and accompanied James R. Renison as he sang, "Whither Thou Goest," and following the ceremony, "The Lord's Prayer." The traditional wedding march were also used.

Lighting the tapers were David and Billy Schnell, Booneville, nephews of the groom.

The bride, escorted to the altar by Homer Walker and given in marriage by her step-father, Grover Meeker, was attired in a traditional floor-length wedding gown of lace over bridal satin.

Miss Ruth Harris, Jamestown, was maid of honor and Miss Jean Schnell, Booneville, sister of the groom, was bridesmaid. Both wore gleaming dresses of red taffeta with V-neckline and accented at the waistline with a wide green sash.

Little Debbie Quint, niece of the groom, served as flower girl and Schanz Lee Vets was ring bearer.

The groom chose as best man, his brother, W. F. Schnell, Booneville, and the groomsmen was Logan Walker, Booneville. Ushers were Robert Quint, brother-in-law of the groom, Pryor, Okla., and Robert Apleman, Booneville.

Immediately following the ceremony, a reception was held in the auditorium of the Blackwater 100 School auditorium. Serving the guests were Mrs. Jack Vets and Mrs. Russell Rhoads. Miss Virginia Schanz presided at the guest book.

The bride is a graduate of Marshall High School and Southwest Baptist College, Bolivar, and is presently a teacher at Napton. The groom is a graduate of Booneville High School and is associated in business with his father and brother, well-building contractors.

After a honeymoon in the southern states, the couple will reside near Marshall Junction.

Green Ridge Garden Club Holds Meet

Mrs. Glen Heck was hostess to the members of the Green Ridge Garden Club Tuesday afternoon, Jan. 6, at her home in Green Ridge. Due to the condition of the roads and streets there were only 11 members present.

A dessert course was served at one o'clock by Mrs. Heck.

In the absence of the president, Mrs. C. H. Ward presided. Roll call was answered by "My Favorite Wild Flower".

Mrs. Frank Ortolf presented a very interesting talk on "Wild Flowers". She told of the many different kinds of wild flowers, their color and the nature of their bloom and where they might be found in the woods or fields.

A motion was made and carried that all members of the club write to the General Assembly of Missouri in behalf of keeping the Floriculture Department in the Missouri State Fair. The Floriculture exhibit is one of the most attractive displays at the State Fair and many people attend the fair just to see this exhibit.

There was a general discussion of the Spring Flower Show which will be held in May. They also discussed having a sale of seeds, bulbs and perennials as a money making project for their treasury.

In the contest of members of the club throughout the year of 1958 on the four classes: arrangements, compositions, specimen flowers and specimen plants and vegetables or fruits, Mrs. Gertrude Helman scored the highest points, with 1,358. Mrs. J. M. Palmer, 1,356 and Mrs. W. L. Whittall, 1,324. They each received a prize. Mrs. Mattie Myers received honorable mention with a score of 1,160.

Mrs. Roy Ritchie and Mrs. George Spickert will be hostesses at the February meeting and Mrs. Gertrude Helman will present the program on house plants.

Woods Have Anniversary 'Open House'

Open house for friends and relatives of Mr. and Mrs. Willie J. Wood was held at their home, 3314 Northeast 78th Avenue, Portland, Ore., on Dec. 28, from 2 to 5 in the afternoon in honor of their golden wedding anniversary by their two sons and their wives, Mr. and Mrs. Charles W. Wood of Portland, Ore., and Mr. and Mrs. Lewis Wood of Astoria, Ore., were hosts and hostesses. Mr. and Mrs. Wood are former Pettis Countians.

Mata Gardner, daughter of the late Mr. and Mrs. William Gardner and Willie J. Wood, son of the late Mr. and Mrs. Enoch Wood, were married at the home of her parents at 6 o'clock in the evening, Dec. 20, 1908, at Beaman, Mo., by the Rev. M. F. Humphrey. Mrs. Frank Steelman and Charlie Gardner, sister and brother of Mrs. Wood were the only attendants at the celebration who were present at the wedding.

The home was attractively decorated with flowers and a feature of the decorations were two money trees, small trees on which were gifts of money wrapped in gold foil. They also received many other nice gifts, flowers and cards.

Mr. and Mrs. Wood resided on and operated farms in Pettis and Morgan Counties until 1926 when they moved to Topeka, Kan., where they operated a dairy until 1933 when they moved to Portland, Mr. Wood retired in 1932.

Mr. and Mrs. Wood are members of the Grace Baptist Church in Portland at which they were honored on New Year's Eve. They were members of the East Sedalia Baptist Church when they lived in Pettis County and of the Syracuse Baptist Church when they lived in Morgan County.

Mr. and Mrs. Wood have just the two sons previously mentioned and six grandchildren, James, Joanne, Linda and Carl Wood of Portland and Gary and Gerald Wood of Astoria.

Senseless Censorship

The movement to eliminate secrecy provisions in the Missouri juvenile code is not going to get very far with the legislators now in session at Jefferson City unless people themselves express an opinion on this subject to their representatives.

One of the weaknesses of our system is to elect men and women to represent us in the national congress and state legislatures, then wash our hands of the responsibility for the laws they enact. This, in spite of the fact these chosen people virtually beg constituents to express themselves on pending legislation.

That is why today we have what is called senseless censorship in the juvenile code. The test of its effectiveness has been given a trial run the past year and been found wanting.

Illustrating this point is the case of a young man under 17 arrested by the Highway Patrol after a radar check revealed he was driving 100 miles an hour on a highway near Mexico. The speed limit is 60.

"You can't know the name of this youth because he is under 17. The law says so," comments the Mexico Ledger. "And the reason it does is because some well-meaning people wanted to protect the children from 'publicity.' These people think of 'publicity' in terms of somebody trying to sell a few more newspapers.

"They take the attitude that 'selling newspapers' is not too honorable and just because a child under 17 gets

picked up for some crime, nobody should be able to punish the child by putting his name in the newspaper.

"For example, that young fellow going 100 miles an hour the other night may date your daughter. Maybe he's got a date with her tonight . . . and maybe they will drive out on the highway."

"The well-meaning people have made sure you'll not be able to find out from a newspaper the name of this young fellow. You'll have to take word-of-mouth gossip or half-truths . . . if you ever find out . . . and we're not talking of speeding alone.

"There have been many cases of murder, rape, robbery, arson, assault by children under 17 . . . and their names have not been available to Missouri mothers and fathers.

"As long as Missouri has this law, Missouri parents cannot know the crime record of their children's friends. As a matter of fact, the young people, themselves, can't know except by rumor or gossip."

Sedalia or any other locality is just as vulnerable to this senseless censorship as Mexico. The consequences may be just as appalling when such incidents are shrouded in legalized secrecy.

Governor James T. Blair has expressed disapproval of such censorship, and has asked the Missouri Legislature to do something about modification of Missouri's juvenile code.

Pettis countians who agree with him should reveal their opinion to Representative Milton Overstreet.

Washington Merry-Go-Round

Alabama Tax Scandal Fix

By DREW PEARSON

WASHINGTON — A strange income tax case involving the brother of Gen. Wilton Persons, who has replaced Sherman Adams in the White House, has been killed by the Justice Department. It may have far-flung political reverberations.

The case involves payoffs by northern liquor companies to two Alabama politicians, Jimmy Thrower and Emory Solomon, close political cronies of Gordon Persons, former Governor of Alabama. It also involves seven front men used to conceal the payments.

Ex-Governor Persons admitted to this column that he received money from Thrower and Solomon, though he claimed they were political contributions and that he did not know where the money came from originally. He denied emphatically that he had asked his brother in the White House to intervene in the tax case though he said his brother must have known about the case.

Most significant fact in the scandal is that the Treasury Department officially recommended criminal prosecution. However, someone near the top intervened. The prosecution, which would have been highly embarrassing to the brother of White House aide Persons, was stopped.

In the Truman administration, Congress instituted an investigation of cases in which the Treasury had recommended prosecution but which the Justice Department failed to prosecute. When a case has been terminated by the Treasury and sent to Justice for prosecution, it is considered airtight. Rarely does the Justice Department refuse to carry out a Treasury recommendation.

Truman's Men Prosecuted

When Lamar Caudle, in charge of the Justice Department's tax division under Truman, agreed to a guilty plea from Irving Sachs of St. Louis instead of prosecuting him, he and Matt Con-

Think It Through

By E. F. HUTTON

DOUBLE LEGAL STANDARD — Since before he sent soldiers to Little Rock, President Eisenhower has been getting poor legal advice from his lawyers.

Busy bureaucrats and others, who delight in reforming their neighbors, have raised a hue and cry over the refusal of Alabama officials to let the Civil Rights Commission paw over all their voting lists.

The President says that such "refusal to comply with the basic laws of the land is reprehensible."

His Attorney General should have told him that our first President, George Washington, refused to comply with a request of Congress for certain records. In modern terms, Washington "defied" Congress — and probably correctly.

From time to time, every President since has done the same thing, including Roosevelt, Truman and Eisenhower.

Getting information which some official in Washington marks "classified" is a man-sized job! Ask your Congressman or Senator if he ever succeeded.

Time and again the Courts have upheld the right of witnesses to refuse to "obey" blanket subpoenas.

What then is "the law of the land"? Do we have one law for federal officials and a different law for State officials?

If any one has been unlawfully denied the right to vote, he can file a complaint and have the matter investigated. But it must be specific, and not a "fishing expedition" to see what might be found.

No Court has found Alabama guilty of anything. Until then, public scolding is out of order.

Common Sense

The World Today

Productive Congress Can Be Expected

By JAMES MARLOW

Associated Press News Analyst
WASHINGTON (AP) — This will be a busy, interesting and probably productive Congress. It is unlikely to seem spectacular if only because very little ever does in the grinding legislative mill.

It will be self-conscious, perhaps just a little less conservative than the previous Congress and, despite plenty of conflict, its personal relations with President Eisenhower may not curdle very much.

Democrats and Republicans in this Congress can not help being self-conscious: Its two-year term will be drawing to a close at the time of the 1960 elections when voters choose a new Congress and a new president.

Both groups know their performance these next two years will be a major factor in the election outcome — for themselves and their party — and that the next president may be chosen from this Congress.

It hardly seems in the cards for this heavily Democratic Congress to get into feuding, name-calling and bitterness with Eisenhower in his last two White House years.

During his first six years his relations with Congress members have been unusually polite and restrained, except in political campaigns. There does not seem much reason to change.

For this reason: Without resorting to slam-bang, the Democrats were still able to win control of Congress in three successive elec-

tions while Eisenhower himself remained highly popular. Nevertheless, there will be broad conflicts between Eisenhower and the Democrats in Congress on the programs he wants and the kind they want.

Some people thought, after last November's elections, that this would be a much more liberal Congress than last year. But in the first showdowns on strength this year conservatives showed they are still in charge.

In the Senate, a coalition of liberals from both parties lost heavily in their first test of strength in a fight over the rules.

Liberal Republicans on opening day tried to name one of their own number their Senate leader, but they were defeated by a majority of conservative Republicans who picked Sen. Everett Dirksen of Illinois.

House Republicans are still under conservative leadership. They were simply replacing an older man with a younger one when they substituted Rep. Charles Halleck of Indiana for their old time leader, Rep. Joseph Martin of Massachusetts.

The two Texans who lead the Democrats in Congress—Speaker Sam Rayburn and Sen. Lyndon Johnson, are both conservative. So are a majority of the Democrats who are committee chairmen in both houses.

Still, the voters sent a lot of new men to Congress this year, some of whom are expected to take the liberal side. So, while liberals are not in the majority, their ranks have been strengthened.

They should be able to exert some pressure. Particularly Sen. Johnson is not likely to ignore them. Even though he out-manuevered them on the rules change, he is still making some concessions to them.

He is a great compromiser, anxious to have his big Democratic majority work together as much as possible.

He yields a little to each of the opposing groups to reach a kind of middle ground. This may not satisfy either side completely, but still shows some movement without leaving either completely dissatisfied.

Truman May Support Him

Symington No Longer Dark Horse In Presidential Race

By ROBERT E. HENNESSEE

Of Our Washington Bureau
WASHINGTON—Missouri's Senator Stuart Symington no longer can be termed a darkhorse for the Democratic presidential nomination.

He is a major contender with an inside shot and could be the favorite at post time, when the Democratic convention convenes in 1960, probably in Chicago.

The 57-year-old Missouri Senator seems assured the backing of former President Truman — despite Mr. Truman's denials that he has named his choice—and strong support is coming to the fore elsewhere.

Commenting on the numerous reports that Truman will announce for Symington early this year, the former chief told Washington newsmen:

"I have made no statement to anybody that I am for any single person for the Democratic nomination for President in 1960."

This denial was both expected, and discounted, as there simply have been too many authoritative reports and "leaks," based on Truman himself, that the man from Independence is in Symington's camp.

Truman is convinced, according to some of his associates, that Symington is the best of those who stand a chance at the nomination, and the best of all possibilities as the man to head off the potent drive of Senator John F. Kennedy.

In fact, the whole "stop-Kennedy" drive, embracing the Far Left, seems destined to work for Symington.

Senator Hubert Humphrey of Minnesota, excluded by Truman as having little chance of winning the nomination but the real choice of most other ardent liberals, had his hour in the sun after his trip to the Kremlin, but, in the word of the pros, he has failed to "stick." His admirers are admiring Symington, for they too, see him as the best challenge to Kennedy.

It is reasoned that despite Symington's liberal voting record, he could lop off at least half of the

Southern delegates who otherwise are apt to be in Kennedy's initial block.

Leaders of the party in California, now the second biggest state, are "talking" Symington, and in Illinois, National Committeeman Jake Arvey, who is credited with putting over Adlai Stevenson in 1952, is lining up Symington support.

But if young Senator Kennedy is to be stopped, someone is going to have to take him on in the primary elections—and beat him, at least once, somewhere. That could be a prodigious task, for Symington or anyone else.

Thinking It Over

By Robert L. Dieffenbacher, D.D.

Sales of all kinds will be advertised this month. Storekeepers will try to get rid of their stock left over from the past year. Wholesale and manufacturers will make special deals to clean out their surplus. Most of the enticing sales will show honest reductions in prices. Some few will be dishonest.

We live in a land of basic honesty, but a few people can discredit our whole merchandising system. One merchant who raises his "regular" prices before marketing down his wares can create suspicion which affects the whole community. One rotten apple can ruin a whole barrel.

One evil person can tear down a whole community. One word of gossip can wreck the character of the gossip and of the one criticized. May God rule our tongues and our actions this year.

In 1908, an enormous meteoric mass crashed into the wilderness of Siberia, devastating an area 30 miles around.

Torrent of Bills Deluging Assembly

A torrent of bills is deluging Missouri's General Assembly. An estimate that about 1200 bills will be introduced during the five-month session makes old-hand legislators shake their heads in dismay. They are hoping that the number of bills introduced will not exceed a mere 800 or 900.

459 Nursing Homes Brought Under Law

A total of 459 nursing homes in the state presently are operating under the Nursing Home Licensing Law set up by the last General Assembly, according to Neil C. Wortley, director of the Bureau of Hospital and Nursing Home Licensing.

Of nursing homes operating under the law, 260 are in full compliance with standards and are licensed. The rest are in a process of complying.

Nursing homes must comply with standards in four categories: (1) Dietary service; (2) patient care; (3) sanitation; and (4) fire safety.

Since the law went into effect about 22 months ago, 300 nursing homes in the state have closed, presumably not being able to meet standards imposed. When the homes closed, places for 2400 residents were eliminated, but Wortley says that other places were found for these residents. Most went to other nursing homes. Some went to the homes of families or friends. Also, some nursing homes kept two residents which is the maximum number that can be cared for without coming under the law.

Since the nursing home law went into effect, places for 799 residents have been provided or are planned in new nursing homes. Also, 580 places have been provided or are planned in additions to existing nursing homes, for a total of 1279 places and a net loss of 1021 places.

Wortley expects that before long there will be as many places for residents in nursing homes as there were before the law caused some homes to close. He says, for instance, that the bureau receives requests for information about opening nursing homes from two or three persons daily.

There are three types of nursing homes: (1) Professional, usually those providing the largest number of services and the most highly trained staff; (2) practical; and (3) domiciliary.

Nearly all professional nursing homes in the state are licensed. A total of 170 practical nursing homes and 62 domiciliary nursing homes are licensed. There are more practical nursing homes than any other type.

Here are some figures which show the progress of some 199 nursing homes operating under the law, but not yet licensed. These figures do not include nursing homes in St. Louis County where local authorities have been delegated to enforce the law:

Medical Mirror

WHAT DOCTORS SAY ABOUT:

Q. "Please discuss chronic mastitis. Can it lead to something else?"—M.M.

A. "Mastitis" means inflammation of breast tissue. Chronic indicates that the condition has been present for quite some time. Mild breast inflammation, which shows up as a tender spot or lump is often due to repeated slight injury as might be produced by a tight bra. In chronic cystic mastitis there are breast lumps but not much inflammation. The lumps may be of almost any size and may or may not be tender. A fair percentage of breast cancers seem to start in the changes of chronic cystic mastitis. It is very important that any unusual breast conditions be brought to the attention of your doctor. Early discovery and prompt medical advice is a must in breast disorders. Knowing this, many women examine their breasts every month or so, just to make sure. For free booklets showing how self-examinations are made write to The American Cancer Society, Louisville, Ky.

Q. "I read a lot about heart trouble and its cause but I am more mixed up than ever. How important is diet, exercise and other things in causing heart conditions?"—A confused reader.

A. You have every right to be confused because there is no simple explanation. Rich diets increase blood fats in some people which, in turn, is thought to be bad for blood vessels, including the coronary vessels that feed the heart muscle. However, there is no absolute proof that this alone causes coronary attacks. Higher than usual blood fats may be just one of many factors. There seems to be some individual or personal susceptibility to coronary disease. This proneness is probably influenced by many things such as heredity, diet, sex, hormones, physical exercise (or lack of it), mental stress, and other life situations. What can we do to combat heart disease? As a start we might develop healthier habits and try to live more moderately. However, caution shouldn't be carried to the point of stripping away all incentive or push. Few would suggest that we exist in a continuous state of boredom just so we can live long enough to develop something besides heart trouble.

Answers do not necessarily reflect the opinion of all doctors. The diagnosis and treatment of disease is the function of the patient's personal physician. Questions directed to Science Editors, P.O. Box 396, Madison Sq. Sta., N. Y. 10, N. Y., will be incorporated in these columns when possible.

Soils and Crops Conference To Be Held at S-C Cafeteria

To Be Guests Of Chamber's Farm Group

Plans are shaping up for the Soils and Crops Conference Jan. 24. It will be in the Smith-Cotton High School cafeteria and will start at 9:45. Those attending will again be guests at noon of the agricultural committee of the Sedalia Chamber of Commerce.

Highlights of these Soils and Crops Conferences have been the short reports given by local farm on new production or feeding methods that are being tried on their farms. The theme this year is "Improved Methods of Feeding and Feed Processing".

Jack Alfrey will report on corn yields and milo yields that were planted the same day in the same field and both crops received equal fertility treatment. A hybrid corn variety and a hybrid grain sorghum were used. Check plot measurements and field yields are available on the corn. Only weighed field yields are available on the milo.

John Sneed, Jr., filled an upright silo in mid-August with silage made from the milo head and a foot of the stalk. This silo was covered with a plastic cover immediately after the last load. John will have samples of this milo head silage and will tell of his experiences in feeding it to yearling heifers and brood sows, at the morning session of the Soils and Crops Conference.

Henry Alt has been self-feeding silage from his new 24 by 72 above ground, tilt-up, concrete silo this past fall and winter to his herd of milking Shorthorn dairy cows. This method of feeding silage saves a tremendous amount of labor and the cows stay in condition equal to that given by grass in spring grazing on pasture. The cost and location of this silo, the advantages of using a plastic cover, and experiences of using concrete piling in the lot will also be given by Alt.

Ramon Wicker of Houstonia and his nephew Charles Wicker purchased a 500-bushel grain dryer last year. Charles will report on their experiences with the dryer which was used for both their own and custom work. They are also planning to make some changes in their farming operations to include barley and double cropping to make further use of the dryer.

Sam Coleman, Soils Specialist from the University college of agriculture will speak in the afternoon. Plan to attend your Soils and Crops Conference from 9:45 to 3 on Saturday, Jan. 24.

Wiggins Joins Staff Of Extension Service

A Missouri county agent has moved to a spot on the Extension Service's state staff, according to J. W. Burch, Missouri Agricultural Extension Service director.

Edward R. Wiggins, Clinton, joins the state staff today as extension farm management specialist. In his new job, he'll replace Albert Hagen, farm management specialist who'll join the University of Missouri faculty Feb. 1 as agricultural economics professor.

Prior to his state staff appointment Wiggins has been working as extension county agent of Henry County. He is a native of Pettis County and a 1947 graduate of the University of Missouri's College of Agriculture.

As extension agent, Wiggins has worked in Douglas and Henry Counties, and has been Henry county agent since 1953.

His parents, Mr. and Mrs. John R. Wiggins, live northeast of Windsor.

SWINE TESTING STATION IN OPERATION—The Missouri Swine Testing Station offers purebred hog breeders in the state an opportunity to get an official test on their breeding stock's rate and efficiency of gain and their lean-meat qualities, says R. K. Leavitt, Testing Station supervisor. Built from funds made available by the Missouri Legislature, the Swine Testing Station can handle 72 entries of four hogs each during a testing period. The testing facility is located on University of Missouri property on Highway 63 south of Columbia.

Tax Guides Available

Copies of the 1959 Farmer's Tax Guide are available now at the county extension office. This booklet is written especially for farmers and is intended for use in preparing Federal income tax returns.

Most of the income tax rules which concern farmers are explained in the Farmer's Tax Guide along with sample records and forms. Let us know if you don't have time to stop by and we will mail one to you.

Review of the Outlook

Clarence Klingner, one of our Extension Economists, has given us slightly revised figures on expected prices of livestock and grain products for the year ahead. For 200 to 220 pound barrows and gilts at the Missouri terminal markets, the estimates by quarters are as follows: First quarter, \$16 to \$18; second quarter, \$17 to \$19; third quarter, \$15 to \$17; and fourth quarter, \$13 to \$15 per hundredweight.

Choice 900 to 1100 pound slaughter cattle at Missouri terminal markets are expected to bring \$25 to \$27 the first half of 1959 and \$27 to \$29 the second half of the year. On the other hand good and choice 500 pound and under feeder steers calves at the same markets are expected to cost \$33 to \$35 the first half of the year and \$31 to \$33 the second half of 1959.

Four per cent fluid milk on the Kansas City market is expected to average \$4.51 per hundred pounds. Prices estimated for crops include wheat at \$1.80; corn at \$1.00; milo at \$1.60 per hundred weight; and soybeans at \$2 per bushel.

1958 Corn Yield Trials to Be Out Soon

A number of local folks including Fred Karigan of Archias Seed Co., Virgil Griffin and Dean Summers of MFA and I attended the Certified Seed meeting at Warrensburg last Wednesday night.

The speakers were Lloyd Cavanah of the Missouri Crop Improvement Association and Field Crop Specialist, Bill Murphy. Cavanah told about the "seed increase"

program and how the Improvement Association worked. He then asked Murphy to report on new crop varieties that are available this year.

Of special interest were new corn varieties and single copies of 1958 test results were distributed at the end of the meeting. The regular bulletin is expected to be available by the end of the month.

Some of these new varieties include 947 which is a yellow mid-summer variety and 916 which is a full season one and will replace 804. A new white variety similar to 523 W but earlier and slightly lower yielding is 811 W. Mo. 447 W is also similar to 523 W but has what is called a G. A. factor added. This G. A. factor will keep yellow corn from crossing with the white corn even if planted side by side. There is one exception and that is when pop corn is planted there. US 619 W is US 523 W to which resistance to leaf blight has been added.

Yields of Top 10

Now here are the top yields at the two nearest trial areas. At Butler and Higginsville the top 10 are listed as follows: Maygold 29X; U.S. 619 W; Pioneer 4128; U.S. 523 W; Mo. 4047 BW Kansas 1639; Mo. 960; DeKalb 805; Maygold 47; DeKalb 3X1 and A.E.S. 811 W. At Marshall, Columbia and Cole Camp the top 10 included U.S. 523 W; Mo. 947; U.S. 619 W; P.A.G. 485; Mo. Pipe 4; Mo. 4047 BW; DeKalb 3X4, A.E.S. 904 W; DeKalb 1024 and DeKalb 805.

A glance at other data regarding the top ten at Marshall, Columbia and Cole Camp showed A.E.S. 904 W having 24 per cent moisture while the average was near 17 per cent. Mo. Pipe 4 was high in root lodging with 10.2 per cent while DeKalb 1024 was high in stalk lodging with 11.2 per cent.

Applications For Swine Testing Being Received

Entry applications for Missouri Swine Testing Station's second test are now being received. Station supervisor R. K. Leavitt says the second test period will start sometime in April. Pigs farrowed during the period from Feb. 10 to March 10 will be eligible for entry and testing in this second run.

By April, all 72 of the station's testing units will be ready for use. At the start of the first testing period in fall of 1958 only one-half, or 36, of the pens were ready.

Leavitt says 21 pens of four hogs each are now on test at the swine testing station near Columbia. This group was started on test early in November.

Missouri purebred hog producers can get information on rules and regulations, and applications for the second test period by writing Leavitt. The address is Mumfords Hall, Columbia.

Purpose of the Missouri Swine Testing Station is to improve efficiency and meatiness of hogs by testing to find strains of such hogs within each breed.

Farm Marketing CC Division Has Two Committees

The farm marketing division of the Chamber of Commerce of which J. L. Dunn was director, had two active committees, during the year 1958.

The dairy committee of which Cecil Monsees was chairman, worked with a rural committee and local dairy processors on a dairy promotion to encourage the use of dairy products. It was held the evening of June 7, 1958, and was quite successful in drawing attention to dairy products. About 2,000 people went through the lines at a 100 cent ice cream social for which wives of dairymen furnished the cakes. Nearly 250 participated in the cow judging contest as compared to 50 in 1957, and 16 political candidates took part in the cow judging contest.

The better marketing committee of which William H. Shockey was chairman, worked up a meat type hog project last year to fit in with a regional project sponsored by Kansas City radio station KCMO, and a local farmer, Frank Sellers, won the two-state KCMO affair in 1957. Then for the second straight year, Sellers, who was one of six local men participating, won the 1958 contest. In 1957 the Sedalia Chamber of Commerce won a traveling trophy for sponsoring Sellers, and by virtue of his accomplishment in 1958 the traveling trophy became permanent property of the Sedalia Chamber of Commerce.

Backward Look at Events In 1958 Poultry Industry

By WALT RUSSELL

MU Extension Poultryman

Those of you in the poultry business, at this time of year, sometimes like to look back over the past year's activities and pick out the major happenings within the poultry industry. It's a good way to study poultry trends and it has some value in planning your own poultry operations for the year ahead.

Certainly 1958 contained a lot of highlights that made headlines in magazines and papers throughout the country. One thing that created the most talk this year was the failure of the packaged egg plan in Kansas. The plan to guarantee farmers 37 cents a dozen for grade A large eggs didn't work. Some of the feed companies and egg dealers who were thinking about launching a similar plan learned a lesson from this failure.

But, we did see contract egg production come into Missouri for the first time in 1958. Unlike the Kansas plan, the contract deal guarantees the producer six cents per dozen eggs for labor and return on investment. The company sponsoring the contract furnishes the pullets, feed, and other supplies. The producer assumes very little risk and furnishes only the labor and equipment. I expect we will see a lot more of this type of egg contracting in the future.

Many different types of poultry buildings were introduced in Missouri in 1958. A demonstration of the "Solar" house with thermopane windows and automatic equipment was built on a farm near St. Charles. At least 25 to 30 poultry houses were built with slatted floors. Some of these houses were equipped with the latest machinery such as automatic pit cleaners, feeders, waterers, and bulk feed bins. Birds, in these houses, are allowed only one to 14 square feet of floor space per bird. Some of the new houses were built without windows; light being supplied by electricity. Some producers used individual or group cages for the first time. It's going to take a while to evaluate all

these new production schemes; to study their advantages and disadvantages.

Probably the greatest stir in the broiler business occurred little more than a month ago when the Texas broiler growers voted to join a labor union. This is the first time in history that labor unions have been directly involved in farm production. The low prices of broilers and the lowering of broiler contracts caused the Texas growers to look for some method to gain more bargaining power. We will probably hear a lot more about this in the year ahead.

Another year of general decline in small flocks was seen in 1958. Some of the old poultry houses that were built back in the '30's continued to remain vacant throughout the year. Those who are remaining in the business are expanding their flock size and thinking more in terms of specializing in the poultry business. A good example of this was the interest shown in started pullets. A few producers got the idea it was better in some respect to purchase 12 to 16 week old pullets rather than to raise their own. Here again, we'll just have to wait and see how this idea works out.

Turkey folks had a rather calm year. Nothing exciting happened. In spite of the rainy season, most

Cage League Leaders Face Rugged Teams This Week

By THE ASSOCIATED PRESS
Missouri college basketball teams today faced the unpleasant prospect of Springfield and Culver-Stockton making runways of the MIAA and MCAU, respectively.

But both league leaders, displaying come-from-behind ability in initial loop action, faced rugged tests this week that could put the contenders far ahead of the field.

Springfield, shooting for a repeat of the MIAA crown, climaxed the opening week of conference activity Saturday by whipping out an 8-point deficit in the second half and defeating Kirksville 69-64. It was the first league game for Kirksville, the pre-season choice for the title, while Springfield, now 10-0, dispatched Maryville 67-59 earlier in the week.

All Big Eight Teams to See Action Tonite

By THE ASSOCIATED PRESS
All Big Eight basketball teams will see action tonight. The results promise to string out the field in the race for the conference crown if the balls don't take too many crazy bounces.

The end of the first week of the race last Saturday found K-State, Kansas and Oklahoma tied for the lead with 2-0 records, followed by Colorado and Nebraska at 1-1, and Missouri, Iowa State and Oklahoma at 0-2.

Tonight Kansas State entertains Oklahoma for a game which should establish the K-Staters solidly at the head of the pack. Kansas figures to grab the No. 2 post at the expense of Iowa State in Ames, Iowa. The other games are Oklahoma State at Colorado and Missouri at Nebraska.

The week end saw Kansas State fatten its enviable 11-1 overall record, with an easy 89-58 conquest of Colorado, Kansas, which is making no concessions because of its 5-7 record, took the measure of Missouri 69-62. Oklahoma had little trouble getting by sometimes-tough Iowa State 56-43, and Nebraska shaded Oklahoma State 47-44.

It was Kansas State's fast break and deadly outside shooting that sunk Colorado, which couldn't break through the Wildcats' zone defense. Bob Boozer helped the cause with 31 points, operating freely both under the basket and the top of the key.

A second-half surge boosted Kansas over Missouri, which took its seventh consecutive loss—longest in the tenure of Tiger Coach Sparks Stalcup.

Del Heidebrecht and Denny Price, with 17 and 16 points respectively, led Oklahoma over Iowa State, which failed to net a field goal in the first five minutes.

Sharp rebounding by Bob Harry in the closing minutes was largely responsible for Nebraska's nip-and-tuck victory over Oklahoma State. Bob Moxey set the scoring pace with 20 points for the winners.

Springfield will be Wednesday when the Bears entertain Rolla, which opened the campaign Saturday by edging Warrensburg 66-66. Then the Bears travel to Cape Girardeau for a Saturday engagement.

Culver-Stockton, which carried a so-so 4-5 record into MCAU, firing, whipped three conference foes with two of the victories coming on the road.

After belting defending champion William Jewell in the Canton opener 60-47, the ambitious Wildcats came from behind to deal Missouri Valley its first league setback 65-44 and nipped Drury 65-61 Saturday in a game that was tied 12 times and the lead changed hands 10 times.

An equally tough job faces the Wildcats this week with two more road games—at William Jewell Friday and at Tarkio Saturday. Another victory over Jewell not only would increase Culver-Stockton's lead, but would seriously damage the Cardinals' hopes of repeating as champions.

In Saturday's only other MCAU game Westminister bounced back from its first conference defeat to beat Tarkio 80-74 as Dale Ochesky, Rich Autry and Ken Quest accounted for 57 points.

In other Saturday games Missouri Valley downed Graceland 67-59 as Dick Ploeger set a season scoring record for the Vikings by counting 25 points; Central snapped a six-game losing streak with a 69-57 decision over Harris Teachers of St. Louis; William Jewell was crushed by St. Benedict's (Kan.) 57-43, and Cape Girardeau clipped Concordia Seminary of St. Louis 71-64 behind Doyle Maybury's 26 points.

Other games this week:

Monday—Regis (Col.) at Springfield; X-Warrensburg at Cape Girardeau.

Tuesday—X-Drury at Missouri Valley; X-William Jewell at Central.

Wednesday—X-Kirksville at Maryville.

Thursday—Lincoln University at Warrensburg.

Pressure Mounts In Golf's United Open

TIJUANA, Mex. (AP) — Golf pressure mounted today as United State Open Champion Tommy Bolt and unheralded Ernie Vossler of Midland, Tex., led the way into the final round of the \$20,000 Tijuana Open.

Tempestuous Tommy and the 30-year-old Texan were deadlocked after 54 holes with scores of 205.

No less than 17 professionals were packed within a margin of four strokes of the leaders.

One stroke behind were Jay Hebert of Sanford, Fla., with rounds of 69-67-70—205, and 23-year-old John McMullin of Alameda, Calif., with 66-69-71—206.

Within striking distance for the \$2,000 winner's prize were three pros at 207: Art Wall, Jr., Pocomo Manor, Pa., Mike Souchak of Grossinger, N. Y., and Mike Fitchick, Yonkers, N. Y.

Bolt made Sunday's tour in 34-37-71. Vossler, whose only major victory was in the Kansas City Open last year, played it 35-36.

Temple announced Sunday that Cody, a native of Franklin, Tenn., will retire in June when he reaches the age of 67, as required by university regulations.

Cody earned 13 letters in football, basketball, baseball and track as an undergraduate at Vanderbilt.

His coaching career began at Mercer University in 1920 and took him to Vanderbilt, Clemson, the University of Florida and finally Temple.

After the interception, the East settled for a 25-yard field goal by Cleveland's Lou Groza.

Then, with less than three minutes to go, Philadelphia's Norm Van Brocklin rallied the East for a 70-yard touchdown drive.

Frank Gifford of the New York Giants, who beat out Wade for most valuable player, said, "I knew we had the plays. I was just worried about getting possession of that ball toward the finish. But our defense took it away from them and that's all we needed."

Lenny Moore of the Colts set up the first West touchdown by racing 37 yards to the one. Two plays later, Colt fullback Alan Ameche plunged over.

Bob Turley of the New York Yankees and Gus Triandos of the Baltimore Orioles also will be honored.

Schoendienst May Not Play for Braves Team

ST. LOUIS (AP) — Red Schoendienst probably will not play for the Milwaukee Braves this year, but two club officials are to visit the veteran second baseman today to negotiate a contract.

Schoendienst has been a pati Mount St. Rose Hospital for months. Executive Vice President Birdie Tobbetts and Gen. Mgr. John Quinn of the Braves are to meet with Schoendienst.

Wade Takes Blame For West's Loss

LOS ANGELES (AP) — Billy Wade, who missed the most valuable player award by a fourth quarter pass interception, today took the blame for the West's 21-28 loss in the annual Pro Bowl football game.

But West Coach Weeb Ewbank and his fellow players don't consider the lanky Los Angeles Ram quarterback the goat of Sunday's rough and tumble battle before 72,250 Memorial Coliseum fans.

"We beat ourselves through mistakes," said Ewbank, coach of the world champion Baltimore Colts.

"It was my fault," insisted Wade after the East turned the interception into a field goal and later scored a game-winning touchdown.

"I knew it was risky to pass from my own 13, but I wanted to pick up some yardage and then stay on the ground," said dejected Billy.

"I threw that pass right where I wanted it," Wade said in the dressing room. "But Walt Michaels (of Cleveland) backed into it and stole it."

Moments before, Wade had marched the West 30 yards for a touchdown and a 21-16 lead in the see-saw struggle among the elite of the National Football League.

"Forget it, Bill. You did everything I asked you to do," said Ewbank. "You moved the ball on them."

PROMOTION—Colonel Ford E. Allcorn, son-in-law of Mr. and Mrs. John Rynard, 904 South Stewart, is shown receiving his promotion to full colonel. The colonel's spread eagles are being pinned on by Col. Thomas A. Weadock (left) and Col. C. Passink, all officers of the U. S. Army Transportation Supply and Maintenance Command, St. Louis.

Colonel Allcorn transferred from the Office, Assistant Chief of Staff G-3, Washington, D. C., to the command headquarters in 1955. He was then assigned as chief of the plans and programs office and in 1956 he became director of the headquarters' directorate of field services. The colonel is a senior Army aviator.

Colonel Weadock is acting adjutant general and Colonel Passink is the deputy commander of command headquarters, commanded by Brig. General William B. Bunker.

ner" was sung followed by the Pledge of Allegiance.

A Bible ceremony was also presented by the Chaplain, Verna Palmer, who read the 121st Psalm standing at the altar, with eight women surrounding her in a circle. Each held a lighted candle. Mrs. Helen McNew sang, "Faith Unlocks the Door to Prayer."

The new Noble Grand, Mrs. Estelle Fletcher was presented a pink carnation corsage by her husband, Roland Fletcher.

The retiring Noble Grand, Mrs. Bertha Boltz, was presented a gift from her officers by Mrs. Sula Brown and Mrs. Cleo Smith presented Mrs. Boltz her Past Noble Grand pin from the lodge. Mrs. Helen McNew sang "Memories" to Mrs. Boltz.

The new officers of 1959 presented to their Noble Grand, Mrs. Fletcher, "A Vision of a Perfect Lodge." Six officers held a star and lighted candle, the other officers held lighted candles and two Odd Fellows carried the three links. Each officer pledged allegiance to their duties, after which Mrs. Helen McNew sang "If I Could Help Somebody."

Decorations were carried out in the colors of pink, blue and silver, which are the colors of the president of the Rebekah Assembly of Missouri, Mrs. Venita Disch, Carrollton. The background at the Noble Grand station and Vice Grand station was blue. The word "Friendship" was spelled in large dark pink letters across the blue background at the N.G. station. Pink artificial roses tied with silver were also scattered on the background. Arrangements of pink, silver and blue were on the piano and desk. Pink satin drapes were on the altar, and pedestals of the N.G., V.G., P.N.G. and Chaplain. Refreshments were served from a white lace covered table over pink centered with an arrangement in pink, blue and silver. Approximately 65 were present, with the Rev. Charles Likely, pastor of the Green Ridge Presbyterian Church, as a special guest.

Hostesses were Mrs. Sula Brown, Mrs. Bertha Boltz, Miss Gladys Fletcher, Mrs. Nell Whittall and Mrs. Frances Baslee.

Four Versailles Men Enlist in US Army

Four Versailles young men have enlisted in the United States Army for a period of three years through the Army Recruiting Station in Sedalia. They are: Charles and Lee Brown, 1956 graduates of Stover High School, Hansen, former student at Versailles High School, and Haggerman, a 1957 graduate of Versailles High School, have departed for processing at Ft. Leonard Wood.

Upon completion of basic training Charles and Lee Brown will attend an Army Technical School, Hansen will join the Army Airborne, and Haggerman will also attend an Army Technical School, assignments of their choice prior to their enlistment.

Washington's First

First major battle in which George Washington was engaged was that of Fort Mifflin, Pa. Fought in July of 1776, this was the opening engagement of the French and Indian War.

Scouts Hold Regular Meeting

The Knob Noster Girl Scout neighborhood meeting was held Tuesday morning at the Presbyterian Manse.

Attending were: Mrs. Jack Thomas, neighborhood chairman; Mrs. E. O. Price, neighborhood secretary; Mrs. George Rodibaugh, Mrs. Lawry Jones, Mrs. Robert Thompson, Mrs. H. V. Hopkins and Mrs. Michael Muscarella.

Mrs. Thompson and Mrs. Jones are leaders for the second grade Brownies and Mrs. Rodibaugh is leader of the third grade Brownies. Mrs. Hopkins and Mrs. Muscarella leads the sixth grade intermediates.

New leaders for Troop No. 316, consisting of the fifth and seventh

grade intermediates are Mrs. Kenneth Smiley and Mrs. Robert L. Davis. Mrs. Elmo Lay is leader of the eighth grade intermediates.

The annual dinner of the Pioneer Trails Council for all council adults and friends of girl scouting will be held at Independence Feb. 23 at 6:45 p.m.

Mrs. Thomas requests that all Knob Noster Girl Scouts attend the same church on Girl Scout Sunday in March. The church is to be selected at the next meeting, which will be March 3. All troops will participate in the Girl Scout cookie sale. The girls will take orders on Jan. 16 and continue until Jan. 26. Mrs. Kenneth Smiley is the neighborhood cookie chairman.

Reunion For Baker Family

By Mrs. Myrtle Yarnell

CLARKSBURG — Mrs. Ethel Baker entertained all her children and grandchildren at her home on Sunday. They were Mr. and Mrs. Virgil Baker and sons, Sedalia; Mr. and Mrs. Leonard Martin and family, Clarksburg; Mr. and Mrs. Bob Ferguson and son, Tipton; and Mr. and Mrs. Lloyd Baker, California.

Mr. and Mrs. Hilton Douglas had as their holiday guests Mrs. Douglas' sister, Mr. and Mrs. W. L. Kinser and daughter, Miss Gale Wintke, Springfield.

Lloyd Roark has returned home after a holiday visit in Muskogee, Okla., and Kansas City.

Mrs. Dalton Gross and two of her children went to Jackson, Miss., during the holidays to visit her relatives.

Mr. and Mrs. Golder P. Martin entertained the following relatives on Sunday at their farm west of town: Mr. and Mrs. R. C. Stephens, Mrs. Nola Martin, Mr. and Mrs. Jesse Martin and Mr. and Mrs. Leland Donley and family.

Mrs. Eleanor Miller, Kansas City and son, Richard McClain, spent the holidays here with her stepfather, John Wright.

Mr. and Mrs. Orville Kuran and daughter, Manhattan, Kan., were here last week visiting her mother, Mrs. Liburn Graham, and Mr. Graham and her grandfather, Joe Kays, and other relatives in Monticello County. Mrs. Kuran is the former Miss Joan Medlin.

Mr. and Mrs. J. Paul Markway and children, St. Louis, were here a few days recently visiting in the home of Mrs. Markway's parents and sister, Mr. and Mrs. C. D. Yarnell and Mary Maxine.

Mrs. O. W. Raithel entertained with a party for a few friends at "The Cedars" on New Year's Eve.

Mr. and Mrs. Joe Hunt had as their weekend guests their four-

year-old granddaughter, Susan Hunt and their nine-month-old granddaughter, Clesta Lee Hupf, Sedalia. Their small brother, Joe, spent the weekend with his grandparents, Mr. and Mrs. W. B. Pate.

Mr. and Mrs. W. B. Pate entertained with a dinner on Sunday. Present were all their children and grandchildren and Mrs. Pate's parents, Mr. and Mrs. C. W. Smith, Sedalia, and their grandchildren, Marybell, Johnny and Tressa Judd, Sedalia.

Mrs. O. W. Raithel, Mr. and Mrs. Joe Hunt and son and Mr. and Mrs. Harold Bruce were New Year's dinner guests of Mr. and Mrs. C. D. Yarnell and Mary Maxine, Paul Markway family, St. Louis, were also present.

Legion Holds Oratorical Meet Jan. 4

Dón Appeldt, Concordia, was the first place winner in the Seventh District American Legion Oratorical Contest held Jan. 4 at Concordia High School. He was awarded a silver medal and a \$25 Savings Bond. The contest was for high school students.

Dorothy Anderson, Sacred Heart High School, placed second; Janice Welsh, Marshall High School, placed third; and Gayle Harris, Cole Camp High School, placed fourth. They were awarded \$5 prize money.

The judges were Buel Baclesse of Jefferson City, Eighth District commander; Bill Kenney, St. Joseph, national committeeman; and Minnie Oliver, Higginsville. Al H. Schlapper was escort, Elmer Walkenhorst was tabulator, and Royal Ragar, Green Ridge, was timekeeper.

County chairmen for the contest were Maunce Rabus, Higginsville, Lafayette County; Cletus Jones, Cole Camp, Benton County; Walter McMellen, Sedalia, Pettis County; Arnold Brucks, Gilliam, Howard County, and Russell Whitlock, Marshall, Saline County. Russell Miller, Green Ridge, is the district chairman.

After the oratorical contest, Frank Piper, Seventh District commander, called for a regular meeting of the district to conduct a business session. He instructed the adjutant to call the roll of posts, there being only nine posts present—one less than a quorum. Piper said that due to bad weather conditions and hazardous roads, it was plain to see why there were not more present.

Piper introduced the guests, William Kenney, national executive committeeman; Buell Baclesse, Eighth District commander; and Sam Bower, post service officer for the Eighth District. Piper informed the group that if anyone had anything to bring up, he would hold an informal meeting.

Kenney gave an interesting speech on national defense. He presented to Post Commander Eugene A. Schwieger a national certificate of citation for Blackburn Post 478, for going over the top in membership.

Piper announced the next regular meeting will be held at Glasgow March 1.

Delegates present from Post 16, Sedalia, were Piper, David Kirby and Charles M. Scruton.

The Ladies' Auxiliary of Concordia served luncheon at the Legion Hall.

The Second Zone oratorical contest will be held at St. Paul's College in Concordia Feb. 12.

New Salem WMS Meets

Mrs. Jerome Younger was hostess to the circle meeting of the New Salem Baptist WMS Tuesday afternoon at 1:30 with 12 members and several children in attendance. Mrs. James Renison had charge of the program entitled, "The Christmas Offering Advancing," provided in the December magazine, "Royal Service." Others participating were Mrs. L. C. Griffith, Mrs. Nathan Wright and Mrs. Bill Davis. Mrs. Davis, president, presided over the short business session.

Attending in addition to those already named were: Mrs. Charles Younger and niece, Mrs. H. H. Pointer, Mrs. W. E. Holzschuh, Mrs. J. M. Wilhite, Mrs. Marvin Wilhite and Miss Dorothy Donnell; Mrs. York Finley and Peggy Lou, Barbara Wright and Mike

Miss Connell Speaks

Miss Dorothy Connell, a nurse at Bothwell Hospital, was the speaker at a meeting of the Smith-Cotton Future Nurses Club. Miss Connell, who was introduced by Judith Gardner, program chairman, talked on the duties of being a hostess on a train.

The business meeting was presided over by the president, Karen Schlosser.

4-H Round-Up

with
OWEN FOX

Pettis County Assoc. Agent

Dates Ahead

January 13 — Meeting for 4-H automotive leaders and members, assembly room of court house, 8 p.m. Two films will be shown.

Jan. 14—Meeting for 4-H tractor maintenance leaders and members, assembly room of courthouse at 8 p.m. Two films will be shown.

Jan. 15—Three committees of the 4-H Junior Leaders Council will meet in the extension office at 8 p.m. The committees are program, special activity and recreation.

County 4-H Council Meeting
There was a good turn out at the County 4-H Council meeting Tuesday night despite the slick roads. A printed program booklet for the year was passed out to each delegate present. For those clubs who weren't represented, programs for each delegate will be mailed to the community leader and the one or member delegates can pick them up from the community leader.

4-H Calendars
We want to thank the McLaughlin Brothers Furniture and Funeral Home for sponsoring the 4-H calendars. The calendars were passed out at the 4-H Council meeting Tuesday night, one for each not represented, you may pick yours up at the extension office. The calendar shows a 4-H club putting up a sign "Our County Welcomes You. Please Help Keep Our Highways Safe and Clean." This fits right in with the 4-H Council's "Don't be a Litter Bug" campaign that was held last summer.

4-H Magazine
The regular subscription rate for the National 4-H News Magazine is \$1 per year. The rate is only 60 cents when sent in as a group of 20 or more. Those 4-H club members and leaders wishing to take part in the group rate please bring your 60 cents by the extension office.

Civil Defense Material

Civil Defense material has been passed out at the last two County 4-H Council meetings in cooperation with the Sedalia and Pettis County Civil Defense Organization. We hope that each 4-H member will take time to read the material. It is important that we all know what to do in case of an enemy attack. We didn't get the material to the following six clubs: Bunker Hill, Hughesville Happy Helpers, Manila Willing Workers, R-1, Ringen Brushy and Smithton. Would some one from your club pick up the material at the county extension office?

State Cherry Pie Baker Picked

A 17-year-old 4-H miss has been chosen as Missouri's entrant in the National Cherry Pie Baking Contest. According to Marian Beebe, Missouri extension state 4-H agent, Missouri's pie baker is Cheryl Early of Baring.

Miss Early has been selected project members in Missouri for the trip to Chicago and the national cherry pie bake-off.

The Knox County 4-H girl has been in club work nearly eight years, and during her food preparation project work, she's prepared nearly 2500 meals.

All trip expenses will be paid to the national contest Feb. 15, 1959. Miss Early has a chance to a regional award of a \$200 scholarship and a new electric range, and a national award of a \$500 scholarship, a trip to Washington, D.C., and a new electric range.

Each young pie-baking hopeful will be provided adequate work space and a new electric range for use during the contest. Each will bake two pies, the best of the two in the baker's opinion to be judged by some of the nation's leading home economists.

Sponsor of the contest is the National Red Cherry Institute.

Crutcher In Talk to Knife and Fork Club

"Although in some places in the world we are winning the cold war, it is high time in this shrinking world of ours that we learn to live together as brothers," said John Crutcher, concluding his talk before the Sedalia Knife and Fork dinner meeting in Bothwell Hotel Friday night. Attendance was 150.

Crutcher, a lieutenant commander in the Navy during World War II and the Korean conflict, had opportunity to study the background and present policies of Marshal Tito in Yugoslavia. He was stationed in Trieste for many months. He also traveled 15,000 miles within the Soviet borders and had a three-hour interview with Nikita Khrushchev.

The speaker expressed the opinion that there is a vast difference in the cordiality expressed toward Americans today in some of the satellite countries like Yugoslavia and Poland; than there was six years ago when so many had suspicions about American intentions. Crutcher stated that Titoism is an important factor in the world today because Tito stood up to Stalin and proved to the world you could have communism oriented to your own capital rather than in Moscow. Stalin resented this and tried to erect obstacles against Tito. But Tito's example had an effect on the Hungarians and Poles

and their struggle for disassociation with Moscow.

The speaker was introduced by James Denny, program chairman.

Invocation was by the Rev. Roy Stribling, pastor of the First Methodist Church.

Presiding was President K. U. Love who introduced new members, Dr. and Mrs. R. M. Sonner, and thanked the reception committee: Mr. and Mrs. James McNeil, Mr. and Mrs. William Rich and Mr. and Mrs. Roy Gerster.

The president also announced the next meeting would be held Wednesday, Feb. 4, when the speaker will be Richard Morenus, top advertising man turned adventurer who lived six years in the Hudson Bay area.

This will be the club's annual meeting, too, at which time three new directors will be chosen. Love appointed the following on the nominating committee: Past President Bert Heacock, chairman, Past President Henry Salveter, and Homer Crow.

Monday, March 16, will be Guest Night. Dr. Russell Williams will speak on astronomy and philosophy.

Council Meeting At Knob Noster

At the regular meeting of the Knob Noster City Council, the resignation of Leslie Wilson as city patrolman was accepted and the council employed Charles Norman, Jr. to take his place. Tom E. Beatty resigned as dispatcher at the City Hall, due to ill health. He has been active in police work in Knob Noster the past 15 years. Floyd Martin will become the new dispatcher.

The best tobacco makes the best smoke

CAMEL
TURKISH & DOMESTIC BLEND CIGARETTES
CHOICE QUALITY

R. J. Reynolds Tobacco Company, Winston-Salem, N. C.

Camel outsells every other cigarette for 10th straight year

Latest published cigarette sales figures* prove that Camel continues its 10-year leadership over every other cigarette—every filter, every king-size, every regular. The reason is clear: the costly Camel blend of choice quality

Turkish and domestic tobaccos has never been equalled. No other cigarette can bring you the rich flavor, the easygoing mildness, the downright comfort of Camels. Today as always, the best tobacco makes the best smoke.
